2. A unitisation agreement covering the Jubilee field was agreed by the partners of the West Cape Three Points and the Deepwater Tano licences.

3. The Jubilee Unit Area was expanded in 2017 to include the Mahogany and Teak fields. Notes:

- On 22 May 2023, Africa Oil Corporation (AOC) and Total Energies (TE) gave notice of their respective withdrawal from the Blocks 10BA, 10BB and 13T Production Sharing Contracts (PSCs) and the Joint Operating Agreements (JOAs), effective 30 June 2023, quoting differing internal strategic objectives as reasons. The withdrawal is ultimately subject to the GoK's consent, at which stage the transaction will be considered completed and Tullow will have full rights and liabilities under the JOA. Per the terms of the agreement, until such approval, the participating interest will remain in trust for the sole and exclusive benefit of Tullow, who is the only remaining joint venture partner. In Management's view, in light of public statements and announcements made by AOC and TE to this effect, and in accordance with the terms of the Joint Operating Agreement, it is considered that the ownership of the 50% held by AOC and TE was passed on 30 June 2023, resulting in Tullow holding 100%. From that date, Tullow has the right to benefit from the participating interest and is liable for all costs incurred going forward. As the sole party, Tullow can control and direct the use of the asset from 30 June 2023. Tullow accounted for this as asset acquisition at nil cost.
