Shared prosperity: transparency

Transparency

- 2014 is the third year we have reported payments to governments
- Payments to governments were lower in 2014 due to a reduction in payments in kind caused by lower production entitlements per barrel in West and North Africa and lower income taxes as a result of higher Norwegian tax rebates.

2014 Total socio-economic contribution - $1.4 billion

- Shareholder dividends: $182 million
- Employee salaries: $459 million
- Local community investment: $10 million
- Spend with local suppliers: $225 million
- Governments: $518 million
• A cross-sector group of companies (local & international) working together to support investment into 5 key sectors across Sub Sahara Africa: Infrastructure, extractives, telecommunications, financial services & agribusiness

• IIA works with...

• ...and supports Local Content, builds SMEs capabilities and creates in country value through two major initiatives: the African Partner Pool and a $1m grant from the African Development Bank
Restructuring the business for the current challenging environment

- Organisational changes will generate savings of c.$500m of cost savings over three years
- Focused on delivering TEN and maintaining ongoing high margin West Africa production
- Secured additional funding capacity and amendment debt covenants
- Exploration teams focussed on cost efficient high-grading of asset portfolio
- Dividend suspended as part of overall measures to strengthen funding position
- Cash flows significantly enhanced by end 2016 with growing West Africa production

Tullow is in a strong position to benefit as the sector recovers
